2490 Recoil™ LED (with Traffic Wand)

With its screw-on traffic wand, Pelican's new 2490 Recoil™ LED makes flight deck FOD (foreign object damage) a thing of the past. Powered by 4AA batteries, the 2490 Recoil™ LED's next-generation technology produces 51 lumens of clean bright light to ensure maximum communication visibility. And, with a runtime of 15 hours, the 2490 Recoil™ LED will outlast a full work shift, including over-time. At the bottom of a cargo hold or up on the flight deck, the light weight polymer body is corrosion proof, resistant to extreme temperatures, and is weather resistant using an O-Ring sealed shroud and wand.

The 2490 Recoil™ LED: FOD-proof traffic wand.

KIT INCLUDES:

- 2490 Recoil™ LED
- Traffic wand
- 4 different colored discs
